Lee Chapel Art PROGRESSION ROAD MAP

Year R

Painting: Children will learn the primary colours and the primary colour wheel experimenting with painting and colour

Year One

Sculpture: Children to arrange items using Andy Goldsworth as inspiration

Autumn Leaves: Children use different methods and a variety of techniques to explore autumn leaves and colour

Sculpture: Children will make a relief sculpture with small toys and tissue paper

Year Two

Design: Children design an outfit for a clown, study the works of Joan Miro and make their own circus picture

Self Portrait: Children will draw an outline of their face only. They will learn how to mix colours to make a skin tone and paint their self portrait.

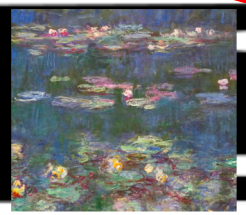
Painting: Children will look at the works of Vincent Van Gogh, focusing on sunflowers. They will draw a flower then paint, using short strokes with two colours on the brush

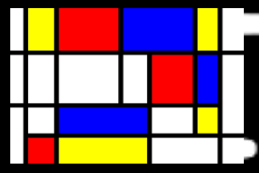
Clay: Children to make their own seaside scene building up areas of more interest.

Year Three

Perspective: children design their own different sized hot air balloons – colour, cut out and place on a prepared landscape

Line, shape, pattern: children will look at the works of Piet Mondrian and using primary colours, they will create their own, carefully painting inside the shapes.





Year Four

Observational Drawing: children to draw themselves and their friend from a photo using shading pencils to show value.

Colour Theory: children will experiment with and learn how to make tertiary colours, then use the colours in their paintings

All year groups will study at least one artist per term, using a variety of techniques and building on skills

EYFS: Andy Goldsworth
Year 1: ROUSSEAU, KANDINSKY, MIRO
Year 2: LOWRY, VAN GOGH, MATISSE
