Lee Chapel Maths PROGRESSION ROAD MAP

Year R

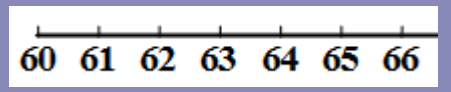
Value of numbers up to 5. One more and one less.

Comparing quantities. More than, less than and equal.

Year One

Value of numbers up to 10 and then to 20.

Count, read and write numbers up to 100 in numerals. Read and write numbers up to twenty in words.

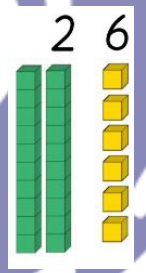


Count to and across 100 forwards and backwards.

Year Two

Compare and order numbers up to 100 using < > = signs.

Read and write numbers up to 100 in words.



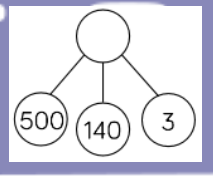
Use concrete resources such as dienes to help understand the value of each digit in a 2-digit number.

Year Three

Compare and order numbers up to 1000.

Find 10 or 100 more or less than any given number.

Recognise the place value of each digit in a three-digit number using different representations e.g. dienes, place value grid, place value counters.



Read Roman numerals from 1 to 100.

Year Four

Order and compare numbers larger than a 1000.

Recognise the place value of a 4-digit number and understand tenths and hundredths.

Round numbers to the nearest 10, 100 and 1000.

Year Five

Calculate intervals that cross zero.

To understand the place value from the thousandths to 10,000,000.

Read, write, order and compare numbers up to 10,000,000.

Round any number up to 1,000,000 to the nearest hundredth, tenth, 1, 10, 100, 1000, 10000 and 100000

To read and write Roman numerals to 1000.

Read, write order and compare numbers up to 1,000,000; knowing the value of each digit.

Interpret negative numbers and count through zero forwards and backwards.
